

LeaveCare-LiveLife (LC-LL)

Building the European Care Leavers Network for youngsters leaving foster and residential care and actively living and participating in life

n. 2017-2-IT03-KA205-011223

Joint professionals training on supporting Care Leavers' Participation

The LeaveCare-LiveLife project, which targets young people leaving care (in communities, group homes and foster care), is aimed at creating a space for their participation and active citizenship (the Care Leavers European Network), so that they become protagonists of exchange and reflection activities and propose suggestions and ideas to improve policies for the extra-family reception and the actions needed to support the youth during the delicate phase of “exit” from care systems.

The goal is to give young care leavers more tools to better face the future independent life.

The project was launched on 1 December 2017, covers a two-year period and involves partners from Italy, Romania, United Kingdom, Ireland, Croatia.

In the frame of the project, a **joint professionals 3 days training** will be held in Bucharest in April 2019. Participants will be professionals – psychologists, educators, social workers, leaving care workers, etc. – dealing with care leavers in their Countries (Romania, Croatia, Ireland, Italy and United Kingdom) and willing to share experiences and to widen their knowledge about the legislation, theoretical framework, current situation of care leavers and their participation rights in other Countries.

The training will be held in a highly participative way, allowing deep discussion among participants and aiming at final common results and recommendations to the EU authorities.

Results from the training will be also brought, together with the Care Leavers' recommendations, to the final conference of the project, to be held in Brussels in November 2019.

Registration is open! Send your application form within 15th January 2019!

Programme of the joint training for professionals

Bucharest, Romania
Central Rin Hotel
4th to 6th April 2019

4th April 2019

Practical arrangements

The training will take place in Bucharest, at **Central Rinhotels** (<https://rinhotels.ro>); participants are requested to stay in the same hotel.

Participants will autonomously book their flights, while the hotel reservation and payment will be managed by the project officer, after having received at info@fice.hr the participation form filled in, and having sent the confirmation.

For the participation a reimbursement of the **travel costs** is envisaged, not exceeding

- 275 Euros for participants from Croatia

Participants will be reimbursed immediately after the training, according to the documents provided (also scanned copies) to the project officer in their Country:

- Flight, bus tickets and boarding passes

Coffee breaks, breakfasts, lunches during the training will be provided. Costs of the joined dinner (with one non-alcoholic drink) will be paid by the country project manager.

Materials for preparation will be sent 1 month before the training.

Good knowledge of English is a pre-requisite for participation as the training and discussions will be held in English and translations are not envisaged.
